BEST
SELLER

XLENCE®

- World leading Gypsophila
- A dense inflorescence full of beautiful flowers, which are all:
 - Exceptionally large
 - Pure brilliant white
 - Perfectly ball-shaped
- Straight, strong and distinguished stems
- Voluminous with a very strong presence
- In the field:
 - Very fast growing
 - Low demand for artificial light

MY WHITE COSMIC™

- Medium - large size flower
- Brilliant white - as never seen before
- Outstanding vase life of 3 weeks
- Beautiful flowers which are:
 - Exceptionally large
 - Full and perfect round
- Voluminous with an impressive appealing overall look
- Strong and abundant stems which are easy to harvest and work with

XLENCE® ENDURE

- Large flower variety with full round flowers
- Heavy stem weight
- Stems are strong and easy to harvest
- Stems are erect and convenient to use in floral arrangements
- Suitable for warm climate conditions

[Learn More >>>](#)

MILLION DAISY™

A NEW LOOK FOR GYPSOPHILA

MILLION DAISY™

- An innovative variety bred specifically for flower arrangements and bouquets
- Small flowers bunched in small rounded clusters
- Field performance:
 - High yield
 - Fast growing
 - Easy to harvest

MILLION STARS® II

- Small flower variety
- Highly productive with impressive yields
- Stems are tall, thick and heavy in comparison to Million Stars®
- Very voluminous inflorescence
- Flowers are very symmetrical and appealing
- In the field:
 - Tolerant to soil disease
 - Strong and erect stems, easy to harvest

MILLION STARS®

- Exceptionally long vase-life
- Stable, yet flexible stems
- Inflorescence shaped as a wide canopy
- A multitude of very small white flowers, concentrated on top
- Easy to work with
- A wide range of sizes, with stem weight varying from 10 gr. up to 35 gr.

MILLION CLOUDS™

- A “cushion like” of small flowered Gyp
- Full small ball shaped flowers
- The inflorescence is voluminous with an impressive appealing overall look
- Stems are strong and easy to harvest
- Long vase life - over 3 weeks
- Stems are easy to handle at post harvest and packing
- In the field:
- High yield
- Heavy stems
- Tolerant to soil diseases

COLOR

MAKES LIFE HAPPY

MY PINK™

- Attractive **natural** pink Gypsophila flowers
- Abundant, voluminous inflorescences
- Perfect for creative and eye-catching flower combinations
- Easy to separate from the bunch, simplifying handling for buyers
- Strong, upright stems – ideal for floral arrangements

EMBRACE THE MAGIC OF
ENCHANTÉ™

[Learn More >>>](#)

ENCHANTÉ™

Meet Enchanté™ – a captivating blend of nature’s finest qualities. With flowers reminiscent of *Limonium sinuatum* and an elegant umbrella-shaped inflorescence inspired by *Limonium altacia*, Enchanté™ enchants at first sight. And here’s its true magic – no odor at all.

Bring its beauty to every bouquet and let Enchanté™ elevate your floral creations.

- Unique deep blue color with magical white glitters
- Voluminous inflorescence
- Strong presence
- Strong and flexible stems that do not break
- Winning combination with roses, creating long-lasting bouquets that maintain freshness and beauty over time
- Maintains its color even when dried
- Can be grown in open field
- No odor
- Long vase life

LIMONIUM™

- Eight series offering a full spectrum of colors and textures: SAFORA™, PIUMA™, SUPREME™, SPLENDID™, SENSY™, SINUET™, SUPERTA™, and the KANEKO collection
- Extra-long vase life
- Suitable for fresh or dried use
- Unique highlights:
 - SUPERTA™ – heavier and longer stems
 - SENSY™ Pinacolada – low-odor variety that can also be tinted
 - SPLENDID™ – higher disease tolerance and increased yield

SPOTLIGHT FLOWERS

Bring drama and dimension to every arrangement. Spotlight flowers define shape, add striking height, and create a show-stopping effect that wows every guest.

Unicorn™	92-93
Craspedia	94-95
Sorghum	96
Veronica	97-99
Ornithogalum	100
Caryopteris	101

UNICORN™

Dare to be a Unicorn™ – Innovate. Stand out. Create differently.

The award-winning Unicorn™ is a versatile new variety that empowers designers to think boldly. With long stems, abundant inflorescences, and a dynamic structure that evokes movement, it opens endless creative possibilities for bouquets, canopies, and table arrangements – all while meeting today's rising green trend.

Key features:

- Fits the green trend
- Grower-friendly crop
- Unique inflorescence shape and strong presence
- High tolerance to rust
- Flexible and versatile for multiple design styles

The information regarding tolerance presented in this catalog is the result of tolerance demonstrated on field observation and/or laboratory diagnostics, as applicable. Danziger makes no representation and does not warrant or guarantee that the variety will indeed present the said tolerance in practice due, among other, to different factors who might accrue in the cultivation area.

General Information:

Danziger's varieties, as well as varieties of other breeders presented in this catalog, are all proprietary, and may be protected by Utility Patents, Plant Patents and/or Plant Breeders Rights (PBR). These varieties may not be reproduced without authorization. All varieties are subject to payment of License Fees, and any unlicensed propagation is strictly prohibited. The use of the symbol ® donates a registered trademark in either territory. The use of the symbol ™ donates a trademark of Danziger and/or any other breeder it represents, unless otherwise indicated. The use of Danziger's services and products are subject to Danziger's General Terms and Conditions.
